Hunt Update Day of Service

Our first ever Hunt Day of Service was an overwhelming success! Worthy organizations receiving a helping hand included homeless shelters, food pantries, thrift shops, animal rescue organizations and more.

North Hills staff assisted at the VA Hospital in Ft. Bliss on April 15, 2015 to serve breakfast for all of our honored veterans.

Maintenance Grilling Season is Upon Us!

A few good things to remember when grilling – **LOCATION, LOCATION, LOCATION!** – Ensure grill is at least 15 feet from buildings, fences, overhangs, tree branches and away from the path of people and pets.

FIRE! Plan ahead of time how to clear the area, extinguish a fire, cut off propane supply and call the fire department. Keep a fire extinguisher handy.

FOOD SAFETY – Bacteria multiplies whenever food temperatures are between freezing and 165 degrees. Remember - every food can harbor bacteria.

- Keep it cool
- Keep it covered
- Get it hot – 165 degrees or above
- Use your head – If it looks or smells "off" or has been out too long, throw it out

AFTERWARDS – NEVER dispose of hot coals in your trash container. Allow coals to cool completely before discarding. Turn off gas grills and shut off propane access at the tank. Allow grill to cool before storing.
